

EMBLEM Professional Ink „optimizer“ for Mutoh and Roland

The new EMBLEM Professional Ink „optimizer“ brings reliability!

EMBLEM Professional Ink „optimizer“

was developed for the use in following machines:

Mutoh ValueJet (1204, 1304, 1604, 1614) as well as the complete Roland Eco-Solvent series (Pro-II, Pro-II, VP, SP, XC, SC, SJ).

EMBLEM Professional Ink „optimizer“

is nearly identical to the gamut of the inks of the printer manufacturers. For that reason new profiling is not necessary. You can go on producing right after the conversion. The reduction of ink costs is up to 40%. Calibration service is generally not necessary.

EMBLEM Professional Ink „optimizer“

- New profiling after the conversion from original inks to “optimizer” is generally NOT necessary
- Cartridges and inks are compatible to the listed Roland- and Mutoh-machines
- Ink can be mixed with manufacturer inks without any problem
- Available in 440 ml cartridges
- Best quality on ink jet material - excellent performance on EMBLEM Media
- All advantages of Eco-Solvent-ink related to smell and VOC-content
- Optimized drying attributes
- High abrasion resistance
