

VJ-MS31 Eco Solvent Inks

Specifically developed for Mutoh's ValueJet Sign & Display printers, the VJ-MS31 inks are cost-effective & low maintenance Eco Solvent inks enabling printing on the widest range of uncoated and coated substrates.

Available in 220 & 440 ml cassettes and in 1 litre ink packs, the 4 colour VJ-MS31 inks feature a wide colour gamut and deliver vibrant high density prints with excellent dot gain. Suited for long-term outdoor and indoor applications, Mutoh's VJ-MS31 inks have an excellent weather, abrasion and chemical resistance. UV durability without lamination is rated up to 3 years outdoor.

Mutoh's VJ-MS31 inks have obtained GREENGUARD Gold Certification. As such, the inks meet some of the world's most stringent and comprehensive standards for low emissions of volatile organic compounds (VOCs) into indoor air. Prints made with VJ-MS31 inks are perfectly suited for indoor applications including offices, classrooms and healthcare environments.

Product Highlights

- 4 colours – C, M, Y, K.
- 220 / 440 ml cassettes and 1 litre packs.
- Wide colour gamut. Vibrant high density prints, excellent dot gain.
- Cost-effective and operator-friendly thanks to low maintenance.
- Suited for long term outdoor and indoor commercial graphics.
- Excellent abrasion and chemical resistance scores.
- UV durability without lamination up to 3 years outdoor*
- GREENGUARD Gold Certification, category Wallpaper

* For heavy-duty applications where mechanical stress or environmental impact is involved (floor, vehicle and marine graphics), lamination is required. Stabilisation is required prior to lamination.

Cost Effective

Technology

Mutoh VJ-MS31 Eco Solvent inks have been specifically developed for the piezo drop-on-demand head technology integrated in Mutoh's ValueJet Sign & Display printers. The print heads can jet ink drops from 3.5 pl to 35 pl. VJ-MS31 inks are suited for both indoor and outdoor commercial graphics applications. The cost-effective and low maintenance inks are delivered in litre ink packs in foil which go into the ValueJet's ink pack adapters or in 220 / 440 ml cassettes.

Application Possibilities

VJ-MS31 inks will create durable prints on coated and uncoated substrates and have been specifically developed for high quality volume production of sign & display graphics, for long-term outdoor applications as well as durable prints for indoor use : posters, backlit signage; wall coverings, point-of-sale displays, fine art reproduction, vehicle graphics, stickers and much more.
