Solvent:	yes	Latex:	yes

Different printers, inks, resolutions and printing qualities result into numerous different printing parameters. In addition, there are numerous factors influencing processing and the application of our materials. For this reason, we cannot make specific statements as to drying times and maximum ink absorption. For this reason, we recommend you to perform own tests in order to verify the desired results. Our product specifications are not to be understood as legally binding guarantees assuring specific characteristics. Any liabilities and guarantees, as well as claims for compensation beyond the value of the product itself are excluded.

## EMBLEM Solvent Flag IV

### Description:

EMBLEM SOFLA4 is a printable textile without reflection and a smooth surface. The prints are waterproof and practical against wrinkle. The textile is laminated with a PP liner at the back side to get a perfect media feed of this soft flag.

Results of our test have been positive with good print quality using eco solvent, solvent, UVC and latex inks.

SOFLA4 can be used outdoor as a flag only for about 3 month because of the mechanical influences.

### Processing:

After a sufficient drying the liner can be peeled off.

EMBLEM SOFLA4 can be sewn, can be cut without fray. Also a hot cut is possible.

Usage of higher temperature may cause some shrinking and some sizes change.

### Application:

Hanging banner displays, decorations at POS, beach flags and flags for indoor and outdoor use
