Material:	textured PVC with paperback
Finish:	matt
Color:	white
Weight:	300 g/m <sup>2</sup>
Hygroexpansivity lengthwise:	n.n.
Hygroexpansivity transverse:	n.n.
Application temperature:	+10°C - +30°C
Fire behaviour:	Class B, acc. to EN 13501-1
Width of roll:	130 cm
Length of roll:	25 m / 50 m
Shelf life:	12 months in original packing

### COMPATIBLE INKS:

Eco solvent:	yes	UVC:	yes
Solvent:	yes	Latex:	yes

Different printers, inks, resolutions and printing qualities result into numerous different printing parameters. In addition, there are numerous factors influencing processing and the application of our materials. For this reason, we cannot make specific statements as to drying times and maximum ink absorption. For this reason, we recommend you to perform own tests in order to verify the desired results. Our product specifications are not to be understood as legally binding guarantees assuring specific characteristics. Any liabilities and guarantees, as well as claims for compensation beyond the value of the product itself are excluded.

## EMBLEM Solvent Wall Decor

### Description:

EMBLEM Solvent Wall Decor is a printable wall paper made of a textured PVC with paper-back. The special surface of SOWADEPA permits a good ink coverage as well as brilliant colors and is printable with solvent, eco solvent, UVC and Latex inks. SOWADEPA is classified as nonhazardous according to DIN 52900.

### Processing:

The prints are suitable for indoor decoration without lamination. For the further procedure as wall decoration the usual application are valid. When applying the subsurface has to be hard, smooth and dry. Contaminations such as dirt, fats and grease have to be removed and the subsurface has to be clear of any bumps to fully ensure an optimal paper result. For the glueing of SOWADEPA we recommend dispersion adhesives made specifically for Vinyl wall decor with a paper back.

For the paper with EMBLEM SOWADEPA an outright amount of glue is needed. For the paper we advise using the EMBLEM Easy Paste. Alternatively commercial glues can be used for example the Ovalit B.

For a better scratch resistance the print can be protected by using a liquid lamination. To avoid fingerprints the use of cotton gloves is advised.

### Application:

Wall decor indoors
